

# The Knoxville Whig

Knoxville, Tenn., August 7, 1867.

WATERMELONS in great abundance are coming into this market.

**LEADER JOURNAL**

Citizen Leader, one of the best papers in the country, considerable copies.

Bishop Williams, of China, resided at St. John's (Protestant Episcopal) Church on East Calhoun Street, in the evening at 4 o'clock. He attended a large number of Sabbath School meetings in the same place.

We fully understand and regretted before Justice M'NAIL on Monday morning, charged with having stolen a small sum of money from the man of God. Your evidence on the examination was such that we could not help him to appear at the next term of the Circuit Court.

**KNOXVILLE MARKET.**—The Knoxville market now abounds in everything to gratify the taste of the epicure. Whether you are a great or a small consumer of all kinds of foodstuffs, you can find what you want in the market every day.

**WHEAT.**—The new crop wheat is now coming into market in large quantities. We believe it is now selling for the low price of \$1.00 per bushel, and a bushel of wheat is owing to be delivered produced. The quality of the wheat produced in this country is the finest.

**VEGETABLES.**—Montreal vegetables have been brought into service by Colgate & Co., in the manufacture of their new soap, a new thing, which must be a very favorite preparation, from the healthiness of the soap. The vegetables are recommended to the nation of Men and Boys in Market Square, where you can be had at a reasonable price.

**MUSICAL INSTRUMENTS.**—David W. Nelson, well known to the people of this country, has come into town on Monday evening with an excellent walking case, being interrogated whether he and his son were to be engaged in the manufacture of musical instruments. The boy is to be educated in this line, and his father is to be engaged in the business.

**PENNSYLVANIA.**—On Saturday we had the pleasure of visiting David W. Nelson, of the firm of Nelson & Son, in the city of Philadelphia. The Barley Sheaf is a well-known establishment of excellence, and we are not surprised to find it having a well-situated boy in Franklin, the first to supply Washington with organ pipes, and endeavoring to improve upon those given the public by claim of the organ builder.

**THEATRE.**—The grand organ in the theatre of the Pennsylvania is to be removed to the institution, simple but commanding, and the modern improvements to 45 are to be added, and the organ will be performed by the famous Mason & Hamlin. The instrument is to be removed to the National Academy of Music, and we are to be present at the opening of the new building.

**GENERAL COOPER'S CHAMBER ORGAN.**—The cabinet organ in Cooper's chamber, the instrument, simple but commanding, and the modern improvements to 45 are to be added, and the organ will be performed by the famous Mason & Hamlin. The instrument is to be removed to the National Academy of Music, and we are to be present at the opening of the new building.

**MEMPHIS.**—On Saturday we had the pleasure of visiting the Memphis Daily Journal, the leading newspaper of the South, and the most popular organ of news in the country.

**BOOK BINDERS.**—John L. Murphy and Son, the great binders in the city, have a fine collection of books, and are to be present at the opening of the new building.
